

SPAM POLICY

To protect our Influencers and ensure the long-term growth and success of Beneve, we maintain a ZERO tolerance policy towards the sending of spam emails. Spam emails are defined as Unsolicited Commercial Email (UCE). If you send spam emails to people without their permission, you risk immediate suspension of your account and forfeiture of all contacts in that account pending a full compliance investigation, which then may result in your termination. As a Beneve Influencer, you understand that Beneve neither condones nor tolerates the sending of spam emails by its Influencers. You understand and acknowledge that:

It is ILLEGAL to forge headers on emails and it is ILLEGAL to neglect to include a valid functional unsubscribe link along with a valid mailing address in any email blasts to business prospects or potential customers. Anyone caught forging headers or not including a valid functional unsubscribe link will be immediately suspended, pending a full compliance investigation.

Beneve further requires all Influencers to download their list of email addresses that have generated a complaint and permanently remove them from their databases. If we receive a complaint from the same email address as a previous complaint from an email that was sent more than a week after the original complaint was filed, Beneve has the right to Suspend your Influencer account.

You are solely responsible for mail sent on your behalf. Beneve reserves the right to take legal action against any Influencer found violating this Spam Policy.

We value our Influencers and thank you for your cooperation.
